COORDINATION OF BENEFITS

Before submitting a claim to Medicaid, a provider must submit and secure payment from all other liable parties such as Medicare Part A and B. (For more information, refer to the Medicaid General Information Section, 11-4). Claims denied from Medicare as non-covered services should be submitted to Medicaid Fee-For-Service, not to Crossovers.

If the primary payer made line level payments on the claim, please report line level data, in addition to the claim level data, to Medicaid. Do not include co-payments received from the patient in the TPL reporting. Only send an explanation of benefits (EOB) when indicated by the table below for electronically billing secondary claims.

For Healthy U, Health Choice Utah, or Molina TPL claims, contact that health plan for specific billing instructions.

INSTRUCTIONS FOR ELECTRONIC CLAIMS

When submitting COB information in an electronic format, be sure to include payer payment amount, patient liability, and reason codes with amounts for contractual write-offs. The Mail Boxes (Trading Partner Numbers) for claim submission are:

INSTRUCTIONS FOR PAPER CLAIMS

Third Party Liability (TPL) payments must be reported in the positions listed below. When reporting multiple payers on a CMS-1500 (08/05), or dental claim, indicate the combined total payments and the final remaining patient responsibility. To identify a crossover claim check both the Medicare and Medicaid boxes in Box 1.

CMS-1500 (08/05)													
Box								Instru	ictions				
28	Total Claim Charge.												
29	Amount Paid by other payer(s). Contractual adjustments should not be reported. The contractual amount will be calculated by Medicaid (Total claim charge - Amount Paid by other Payer - Patient Responsibility = Contractual Adjustment).												
30	Balance due.												
19	If amount in Box 30 is different than the claim level patient responsibility as reported by the other												
	payer(s), report patient responsibility in Box 19 by using PR01 and then the amount (example: PR01:13)												
24	Required for crossover when Medicare reports Patient Responsibility at the line level, optional for												
Shaded	Fee for Service.												
	Each line of service must contain the following information: (1) Indicator of "T" to identify a third party payment, and amount paid by other payer(s). (2) Indicator of "PR" to identify patient responsibility, reason code reported by other payer(s) related to the PR, and patient responsibility amount. If no reason code is available from other payer(s) to identify the patient responsibility, use "01". (3) All reason codes as reported by other payer(s) and amounts (contractual obligation or write-offs). Codes should contain a qualifier of either CO or CR and then a number. If no reason codes given by the payer, report all contractual obligations using "CO45". Report the amount of the contractual obligation. There may be multiple reason codes and amounts per line.
